It would be great if you could do that.

Looks good. Are you going to send us a scheduler and Skype link, or do you want us to send that to you?

Linda,

This looks like a good date for me. I think Mike is out of the office but I will check with him when he returns. To clarify, are you interested in the OECA PFAS Analytical Tools or the cousin tool that ORD is developing for potential public release known as the National PFAS Data Explorer?

Tim

Hi Michael and Tim,  
I'm wondering if one of you might be available to provide a remote briefing on the PFAS Analytical Tools for the Region 10 Executive Team on March 17?
